

Sony VPL FE110

SONY VPL FE110

With the VPL FE110, manufacturer Sony offers an LCD projector with SXGA 1280 x 1024 resolution and a contrast of 700:1. The integrated media player can play files directly. With the lens shift function, the projector can be positioned very freely. 4000 Ansi lumens ensure that a picture width of 535 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 357 cm. The projector can also play 1080P without any problems. The model built in 2001 is no longer offered by Sony.

 3 x 1,8" LCD TFT Panel mit MLA

SXGA 5/4 Liquid Crystal Display with Micro Lense Array

Projector 4000

Screen 1213 Lux (bei 203 cm Screen)
