SONY VPL HW30 /ES/EW

A brief introduction to the VPL HW30 /ES/EW: The Sony 3D SXR projector offers 1300 Ansi lumens, a contrast of 70000:1 and HDTV 1920 x 1080 resolution. The integrated lens shift gives you freedom when positioning the projector. 366 cm image width, the projector will be able to illuminate well. However, if room light is available, the image width should ideally not exceed 244 cm. Video signals 1080P and 3D are also no problem for the projector. The operating noise of just 22 decibels makes the projection quiet. It was launched in 2011 and is no longer offered by the manufacturer Sony, but is still very popular in our projector database.
