SOVBOI E30 MAX

The E30 Max LED LCD has 1800 ANSI lumens, a contrast ratio of 35000:1, and HDTV 1920 x 1080 resolution. The LEDs have a service life of 30,000 hours, which equates to over 20.5 years at 4 hours per day. The projector can illuminate an image width of up to 431 cm thanks to its 1800 ANSI lumens. However, in room lighting, the image width should ideally be less than 287 cm. Thanks to Google TV, the projector can be conveniently controlled by voice command. The projector has Chromecast, DLNA, Airplay, and Miracast screen mirroring support, which allows high-resolution videos and surround sound to be played directly from smartphones, tablets, and PCs running Android, Windows, or iOS via Wi-Fi. In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. Furthermore, the projector can play 1080P and 4K (compressed) without any problems.
