

TAXAN KG PL011S

The TAXAN model KG PL011S is a DLP projector with SVGA 800 x 600 resolution and a contrast of 1400:1. The integrated media player can play files directly. The projector can illuminate images up to 123 cm wide thanks to its 200 Ansi lumens. In room lighting, however, the picture width should ideally be less than 82 cm. Playing 1080P is also no problem for the projector. At just 30 decibels, the device is one of the quieter projectors. The model was built by TAXAN in 2009 and is no longer current.
