

Technaxx TX-138

EAN/UPC:4260358124827

TECHNAXX TX-138

The Technaxx model TX-138 is a DLP LED projector with WVGA 854 x 480 resolution and a contrast of 3000:1. The service life of the LEDs is 30000 hours, which is over 20.5 years with a daily viewing time of 4 hours. The projector can illuminate a picture width of up to 176 cm well thanks to the 300 Ansi lumens. In room light, however, the image width should ideally be less than 117 cm. Thanks to the built-in 7000mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. Another extra is that the Bluetooth function allows the projector to be connected to external wireless speakers. The projector can also play 1080P without any problems. On the market since 2020, the model is no longer offered by the manufacturer Technaxx, but is still very popular in our projector database.

Brief Introduction

Display Type

1 x TI DLP
WVGA 16/9 Ti Digital Light Processing Chip

Ansi-Lumen

300 133 Lux (bei 200 cm Screen)
