

# ThundeaL T615

THUNDEAL T615

A brief introduction to the ThundeaL T615. The DLP LED projector has a WXGA 1280 x 800 resolution and a contrast of 10000:1. The manufacturer specifies an LED service life of 30000 hours, which is over 20.5 years if enjoyed for four hours a day. Including an integrated media player with which files can be played directly. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. The projector can illuminate a picture width of up to 454 cm thanks to its 2000 Ansi lumens. In room light, however, the picture width should ideally be less than 303 cm. The model recognizes Miracast screen mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. Video signals 1080P and 4K (compressed) as well as 3D are also no problem for the projector, meaning that all Blu-ray formats currently available can be recognized by the projector.

## Brief Introduction

Beta 2.5

## Display Type

1 x 0,47" DLP DMD Chip  
WXGA 16/10 Ti Digital Light Processing Chip

## Ansi-Lumen

Projector 2000

Screen 800 Lux (bei 200 cm Screen)

## Contrast

10000:1 full on/off

Screen 10000:1 full on/off

## Black Level
