TOPEBY W300

A brief introduction to the topeby W300. This portable LCD LED projector for gaming has an HDTV resolution of 1920 x 1080 and a contrast ratio of 10,000:1. Thanks to the LEDs, the service life is 30,000 hours, which would equate to over 20.5 years based on 4 hours? viewing per day. It includes a built-in media player that allows files to be played directly. 320 ANSI lumens ensure that an image width of up to 182 cm is possible. However, if there is ambient light in the room, the image should be no more than 121 cm wide. The projector supports AirPlay and Miracast screen mirroring, enabling high-resolution videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. In addition, thanks to its Bluetooth functionality, the projector can be easily paired with other speakers. Furthermore, the projector can play 1080p and 4K (compressed) content without any issues. At just 25 decibels, the device is one of the quieter projectors.

## Brief Introduction

Beta 2.5

## Display Type

1 x LCD TFT Panel  
HDTV 16/9 Liquid Crystal Display

## Ansi-Lumen

320

142 Lux (200 cm Screen width)

## Contrast

10000:1 full on/off

10000:1 full on/off

## Black Level

0,0320 min. Lumen

0,014 min. Lumen

## Offset

HDTV 1920 x 1080

## Resolution

2.073.600 Pixel
