

Toperson T421

TOPERSON T421

The Toperson T421 LED LCD projector has 480 Ansi-Lumen, a contrast of 8000:1 and a HDTV 1280 x 720 resolution. It is an LED projector with 30000 hours of light life, which is over 20.5 years with four hours of use every day. As Toperson specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. The projector can illuminate a picture width of up to 223 cm well thanks to the 480 Ansi lumens. In room lighting, however, the picture width should ideally be less than 149 cm. As the projector recognizes DLNA, Airplay and Miracast screen mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via WLAN. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. Furthermore, the projector can play 1080P without any problems.

1 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display

Projector - 360 / 8000 Lumen
Screen - 160 Lux (200 cm Screen width)
Contrast 8000:1 full on/off
Black Level Offset 0,0600 min. Lumen
0,02 min. Lumen
