TLP-B2 Ultra

The lightweight, serious tool
for the professional presenter.

The audience is waiting for you to get on with your presentation. This is no time to have to worry about your projection equipment. You need an ultra-compact projector that matches you in its professionalism. It must be light, versatile and powerful – bright enough to make the right impression on a big audience and keep them riveted – even in a bright room.

Toshiba's TLP-B2 Ultra brings you real power out on the road – this is a very serious projector, a must for the presenter or team on the move, and an absolute knockout for the audience:

Compact

- A tiny silver gem weighing less than the average notebook computer

Speedy set-up

- Set-up so simple (keystone correction, as well) that you'll be up and running in seconds

The power of LCD

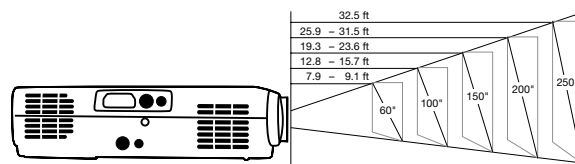

- Brilliant, natural colours and fantastic performance
- Outstanding results from any video or computer source
- A dazzling 1,250 ANSI lumen output
- The TLP-B2 Ultra has full XGA resolution and 400:1 contrast, that will keep your presentation bright and colourful
