A brief introduction to the Toshiba TLP 791. The standard portable LCD projector has an XGA 1024 x 768 resolution and a contrast of 400:1. Horizontal and vertical keystone correction makes setting up the image childs play. The projector will be able to illuminate a picture width of 477 cm well. However, if room light is available, the picture width should ideally not exceed 318 cm. On the market since 2003, the model is no longer offered by the manufacturer Toshiba.
