

Unicview 4K Vision

UNICVIEW 4K VISION

The Unicview 4K Vision LED LCD projector has 750 Ansi lumens, a contrast of 50000:1 and a UHD (4K2K) 3840 x 2160 resolution. It is an LED projector with 120000 hours of light life, which is over 82.2 years with four hours of enjoyment every day. 278 cm image width, the projector will be able to illuminate well. However, if room light is available, the picture width should ideally not exceed 185 cm. In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. Playing 1080P and 4K is also no problem for the projector.
