

VAABZZ D4000

VAABZZ D4000

Brief Introduction

Beta 2.5

The D4000 LED LCD has 4,800 ANSI lumens, a contrast ratio of 100,000: 1 and an HDTV resolution of 1920 x 1080. Thanks to the LEDs, the projector has a specified lamp life of 30,000 hours, which equates to over 20.5 years if used for four hours a day. Horizontal and vertical keystone correction provides flexibility when setting up. The projector can effectively illuminate an image width of 704 cm. In rooms with ambient light, the projector performs best with a narrower image width; we would recommend a maximum of 469 cm in such cases. As the projector recognises AirPlay, Miracast and screen mirroring signals, it is possible to stream high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, PC (Android, Windows and iOS) via Wi-Fi. In addition, the Bluetooth capability is a useful addition to the projector, particularly for wireless audio transmission. Furthermore, the projector can play 1080p and 4K (compressed) content without any issues.

Display Type

- 1 x LCD Panel
- HDTV 16/9 Liquid Crystal Display

- Ansi-Lumen
- Contrast
- Black Level
- Offset

Projector 4800
