

# Vankyo Leisure 570D

VANKYO LEISURE 570D

A quick look at the Leisure 570D: The Vankyo Game-Portabel LED LCD projector offers 200 ANSI lumens, a contrast ratio of 1000:1, and an HDTV resolution of 1920 x 1080. The manufacturer specifies an LED lifespan of 20,000 hours, which amounts to over 13.7 years if used for four hours a day. Thanks to horizontal and vertical keystone correction, the projector can be positioned with great flexibility. The projector can effectively illuminate an image width of 144 cm. However, if there is ambient light in the room, the image width should ideally not exceed 96 cm. Another notable feature is that the projector's Bluetooth functionality allows it to connect to external wireless speakers. The projector also handles 1080p and 4K (compressed) video signals with ease.
