

# VenirCool Q3 Pro

## VENIRCOOL Q3 PRO

The VenirCool Q3 Pro LED LCD projector has 400 ANSI lumens, a contrast ratio of 20000:1, and HDTV 1920 x 1080 resolution. The manufacturer specifies an LED service life of 30,000 hours, which equates to over 20.5 years of enjoyment at four hours per day. Horizontal and vertical keystone correction provides flexibility when setting up. An image width of up to 203 cm is possible. However, the image should be smaller in room lighting. We recommend a maximum of 135 cm. The model recognizes Airplay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). Another extra feature worth mentioning is that the Bluetooth function allows the projector to be connected to external wireless speakers. Even 1080P and 4K (compressed) video signals are no problem for the projector.
