

Viewsonic PJD6550LW

VIEWSONIC PJD6550LW

The Viewsonic model PJD6550LW is a DLP projector with WXGA 1280 x 800 resolution and a contrast of 22000:1. The lamp life is specified by the manufacturer as 4000 hours, which converts to over 5.5 years at 2 hours per day. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. The projector can illuminate an image width of up to 575 cm thanks to its 3200 Ansi lumens. In room lighting, however, the image width should ideally be less than 383 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port and transmit a 1080p / 60 Hz image mirroring (screen mirroring) while the smartphone is being charged at the same time. The projector can also play 1080P and 3D without any problems. The projector was launched in 2015 and is no longer sold by the manufacturer.
