

Viewsonic X1000-4K

VIEWSONIC X1000-4K

The short-throw Viewsonic X1000-4K 3D LED DLP projector has 1000 Ansi lumens, a contrast of 3000000:1 and a UHD (4K2K) 3840 x 2160 resolution. The manufacturer Viewsonic specifies a service life of 30,000 hours, which translates to over 20.5 years at 4 hours of daily use. The integrated media player can play files directly. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide picture, the projector only needs to be 50 cm away from the screen. The projector has screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. The model is also compatible with Full HD 1080P and 4K and can even project Blu-rays onto the ceiling thanks to 360° projection. The operating noise of just 25 decibels makes the projection quiet.
