

VIKEYUNVK portable projector

Brief Introduction

Beta 2.5

The VIKEYUNVK portable projector LED LCD projector has 780 ANSI lumens and an HDTV 1920 x 1080 resolution. The manufacturer states an LED lifespan of 30,000 hours, which is over 20.5 years of daily use for four hours. Horizontal and vertical keystone correction makes it easy to set up the image. Since VIKEYUNVK indicates the brightness of the projector in lumens, we have calculated an approximate Ansi-Lumen value in this case. An image width of up to 284 cm is possible because the projector has 780 Ansi-Lumen. However, if room light is present, the image should be a maximum of 189 cm wide. Since the projector recognises Airplay, Miracast Screen Mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Another extra to be mentioned is that the projector can be connected to external wireless speakers via Bluetooth. Furthermore, the projector can play 1080P without any problems.

Display Type

- 1 x LCD Panel
- HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

780 / 13000 Lumen

Contrast

-
