

# Vivibright PRW800UST

VIVIBRIGHT PRW800UST

The PRW800UST LCD projector from Vivibright has 3500 Ansi lumens, a contrast of 10000:1 and a WXGA 1280 x 800 resolution. The manufacturer specifies a lamp life of 6000 hours, which is over 8.2 years if enjoyed for two hours a day. With a projection ratio of just 0.45:1, this projector never gets in the way. For a 2m wide image, the projector only needs to be 90 cm away from the screen. The HDMI MHL (Mobile High-Definition Link) port makes it possible to transmit a 1080p / 60 Hz image mirroring (screen mirroring) from the smartphone while it is being charged at the same time via the connection. The projector is no longer sold by the manufacturer. It should also be noted that, unfortunately, there are no more replacement lamps for the projector, neither originals nor replicas.
