

Vivibright D5000

VIVIBRIGHT D5000

The Vivibright D5000 LED LCD projector has 1800 Ansi lumens, a contrast of 10000:1 and an HDTV 1920 x 1080 resolution. The manufacturer Vivibright specifies a service life of 80000 hours, which is equivalent to over 54.8 years at 4 hours per day. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. 1800 Ansi lumens ensure that a picture width of 431 cm is also possible. However, if there is room light, the picture should be a maximum of 287 cm wide. The projector has Airplay, Miracast Screen Mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via WLAN. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. It is also Full HD 1080P compatible.
