

Vivitek D5010 / WNL

VIVITEK D5010 / WNL

The Vivitek model D5010 / WNL is a DLP projector with XGA 1024 x 768 resolution and a contrast of 2000:1. The integrated lens shift gives freedom when positioning the projector. An image width of up to 675 cm is possible as the projector has 6000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 450 cm. Video signals 1080P and 3D are also no problem for the projector. This model is no longer offered by Vivitek.

Brief Introduction

Display Type

1 x 0,7" DLP Chip
XGA 4/3 Ti Digital Light Processing Chip

Ansi-Lumen
