

Vivitek DU9000

VIVITEK DU9000

A brief introduction to the DU9000: The Vivitek 3D BrilliantColor DLP projector offers 12000 Ansi lumens, a contrast of 5000:1 and a WUXGA 1920 x 1200 resolution. The integrated lens shift gives freedom when positioning the projector. An image width of up to 1113 cm is possible, if the image width is smaller (we recommend max. 742 cm), rooms with residual light are also no problem. The projector can also display 1080P and 3D without any problems. The model was built by Vivitek in 2015 and is no longer current.

1 x 0,96 DLP Chip
