## Connections

A brief introduction to the Vivitek DX335ST. The short-throw DLP projector has an XGA 1024 x 768 resolution and a contrast of 30000:1 full on/of. The lamp life is specified by the manufacturer as 15000 hours, which converts to over 20.5 years at 2 hours per day. Thanks to the short-throw projection ratio of just 0.617:1, the projector does not stutter in the room. For a 2m wide image, the projector only needs to be 123 cm away from the screen. The model optionally recognizes Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). It is also Full HD 1080P compatible.
