

Vivitek DX976WT

VIVITEK DX976WT

The standard portable Vivitek DX976WT 3D DLP projector has 4800 ANSI lumens, a contrast ratio of 15000:1, and HDTV 1920 x 1080 resolution. The projector also offers a lens shift function that makes image setup childs play. A picture width of up to 704 cm is possible; if the picture width is smaller (we recommend max. 469 cm), even rooms with residual light are no problem. Video signals of 1080P and 3D are also no problem for the projector. Launched in 2015, this model is no longer available from the manufacturer Vivitek.
