

Vivitek H1081

VIVITEK H1081

A brief introduction to the H1081: The Vivitek standard portable BrilliantColor DLP projector offers 2000 Ansi lumens, a contrast of 5000:1 and an HDTV 1920 x 1080 resolution. The projector can illuminate a picture width of up to 454 cm thanks to the 2000 Ansi lumens. In room light, however, the image width should ideally be less than 303 cm. Playing 1080P is also no problem for the projector. At just 30 decibels, the device is one of the quieter projectors. It was launched on the market in 2010 and is no longer offered by the manufacturer Vivitek.

 1 x 0,65" DC2 DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Projector 2000
