

Vivitek HK2200

EAN/UPC:813097024626

VIVITEK HK2200

Brief Introduction

Beta 2.5

A brief introduction to the HK2200: The Vivitek 3D DLP projector offers 2000 Ansi lumens, a contrast of 50000:1 and a UHD (4K2K) 3840 x 2160 resolution. The manufacturer specifies a lamp life of 10000 hours, which is over 13.7 years if enjoyed for two hours a day. The integrated lens shift gives freedom when positioning the projector. 454 cm image width, the projector will be able to illuminate well. However, if room light is available, the image width should ideally not exceed 303 cm. Furthermore, the projector can play 1080P and 4K as well as 3D without any problems, and thus all currently offered Blu-ray formats can be recognized by the projector. This model is no longer offered by Vivitek.
