

Wemax VP02

WEMAX VP02

The Standard Portable VP02 LED LCD Projector from Wemax has 500 ANSI lumens, a contrast ratio of 2500:1, and HDTV 1920 x 1080 resolution. The manufacturer specifies an LED lifetime of 40,000 hours, which equates to over 27.4 years of enjoyment at four hours per day. The projector can illuminate images up to 227 cm wide thanks to its 500 ANSI lumens. However, in room lighting, the image width should ideally be less than 151 cm. The projector supports Airplay and Miracast screen mirroring, which allows high-resolution videos and surround sound to be played directly from smartphones, tablets, and PCs running Android, Windows, or iOS via Wi-Fi. In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. Furthermore, the projector can play 1080P and 4K (compressed) without any problems. With an operating noise of only 30 decibels, this model is very quiet compared to others.
