

Wolf Cinema TXF-1000

WOLF CINEMA TXF-1000

A brief introduction to the TXF-1000: The Wolf Cinema high-end home cinema 3D DLP projector offers 5000 Ansi lumens, a contrast of 15000:1 and a UHD (4K2K) 3840 x 2160 resolution. 5000 Ansi lumens ensure that a picture width of 718 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. Playback of 1080P and 4K as well as 3D is also no problem for the projector, meaning that all Blu-ray formats currently on offer can be recognized by the projector. This model is no longer offered by Wolf Cinema.
