

Wolf Cinema TXF-500

WOLF CINEMA TXF-500

Brief Introduction

Beta 2.5

With the TXF-500, manufacturer Wolf Cinema offers a DLP projector with UHD (4K2K) 3840 x 2160 resolution and a contrast of 600000:1. The lamp has a service life of up to 10,000 hours, which is over 13.7 years if enjoyed for two hours a day. Due to the brightness of 2300 Ansi lumens, a picture width of 487 cm is possible. In room light, the picture should be max. 325 cm wide. Video signals 1080P and 4K as well as 3D are also no problem for the projector, meaning that all currently available Blu-ray formats can be recognized by the projector. With only 28 decibels of operating noise, the model is already very quiet compared to others. The projector was launched in 2020 and is no longer sold by the manufacturer.
