

XGIMI Elfin Flip

XGIMI ELFIN FLIP

The XGIMI Elfin Flip portable 3D LED DLP projector has 448 ANSI lumens and an HDTV 1920 x 1080 resolution. The projector is specified with a 30,000-hour light lifespan due to the LEDs, which would be the equivalent of over 20.5 years at 4 hours a day. The horizontal and vertical keystone correction provides flexibility when setting up. Since XGIMI specifies the brightness of the projector in lumens, we have calculated an approx. Ansi-Lumen value in this case. The projector can illuminate up to 215 cm of image width well thanks to the 448 Ansi lumens. However, in a well-lit room, the image width should ideally be less than 143 cm. Another extra worth mentioning is the Bluetooth function, which allows the projector to be connected to external wireless speakers. Furthermore, it is Full HD 1080P compatible. The operating noise of only 30 decibels makes projection quiet.
