

XGIMI MoGo

XGIMI MOGO

The MoGo LED DLP game portable has 210 Ansi lumens and a WSVGA 960 x 540 resolution. The manufacturer XGIMI specifies a service life of 30000 hours, which is over 20.5 years with a daily viewing time of 4 hours. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. 147 cm image width, the projector will illuminate well. However, if room light is available, the image width should ideally not exceed 98 cm. Thanks to the built-in 10400 mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. Furthermore, the projector can play 1080P without any problems. The model built in 2017 is no longer offered by XGIMI, but is still very popular in our projector database.

Brief Introduction

Beta 2.5

Display Type

1 x 0,23" DLP Chip
WSVGA 16/9 Ti Digital Light Processing Chip

Ansi-Lumen
