

XGODY A40

XGODY A40

A brief introduction to the A40: The XGODY LED LCD projector offers 150 Ansi lumens and an HDTV 1920 x 1080 resolution. The manufacturer specifies an LED service life of 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. Including an integrated media player with which files can be played directly. An image width of up to 124 cm is possible as the projector has 150 Ansi lumens. However, if room light is available, the picture should be max. 83 cm wide. In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. Video signals 1080P and 4K (compressed) are also no problem for the projector.
