

XGODY N6 Pro

XGODY N6 PRO

Manufacturer XGODY offers the N6 Pro, a micro-portable LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 15000:1. The manufacturer specifies an LED service life of 30,000 hours, which would be over 20.5 years if viewed for 4 hours a day. A picture width of up to 269 cm is possible. However, the picture should be smaller in room lighting. We recommend a maximum of 179 cm. Since the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play videos from a smartphone, tablet, or PC (Android, Windows, and iOS) with high resolution and surround sound directly via Wi-Fi. In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. Furthermore, it is Full HD 1080P and 4K (compressed) as well as 3D compatible, meaning that all currently available Blu-ray formats can be recognized by the projector.
