

XGODY N8

XGODY N8

A brief introduction to the N8: The XGODY Standard Portable LED LCD Projector offers 1,200 ANSI lumens, a contrast ratio of 10,000:1 and an HDTV resolution of 1,920 x 1,080. Thanks to its LEDs, the projector has a light source lifespan of up to 30,000 hours, which equates to over 20.5 years if used for four hours a day. Thanks to horizontal and vertical keystone correction, the projector can be positioned with great flexibility. The projector is capable of illuminating an image width of 352 cm. However, if there is ambient light in the room, the image width should ideally not exceed 235 cm. The projector supports AirPlay and Miracast screen mirroring, enabling high-resolution videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. Another useful feature is that the projector's Bluetooth function allows it to be connected to external wireless speakers. Playing 1080p content is also no problem for the projector.

Brief Introduction

Beta 2.5

Display Type

1 x LCD Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

1200 / 800 Eco Mode
