

Xiaomi Mi Smart Projector 2 Pro

XIAOMI MI SMART PROJECTOR 2

Brief Introduction

Beta 2.5

The Mi Smart Projector 2 Pro LED DLP projector from Xiaomi has 1300 Ansi lumens and an HDTV 1920 x 1080 resolution. The lifespan of the LEDs is 30000 hours, which is over 20.5 years with a daily viewing time of 4 hours. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. The projector can illuminate a picture width of up to 366 cm thanks to its 1300 Ansi lumens. In room lighting, however, the picture width should ideally be less than 244 cm. Thanks to the integrated Android TV software, it offers direct access to a variety of streaming services such as Netflix, Disney+, Amazon Prime Video and YouTube as well as games and other interactive content. The model is also Full HD 1080P compatible. The operating noise of only 28 decibels makes the projection quiet. This model is no longer offered by Xiaomi.
