

XIDU S1 PRO

XIDU S1 PRO

Introducing the S1 PRO: The XIDU LED LCOS projector offers 1200 ANSI lumens, a contrast of 20000:1 and HDTV 1920 x 1080 resolution. The LEDs have a lifespan of 30000 hours, which would be over 20.5 years at a daily viewing of 4 hours. The projector also offers an integrated media player that can be used to play files directly. The horizontal and vertical keystone correction allows the projector to be set up very freely. An image width of up to 352 cm is possible because the projector has 1200 Ansi-Lumen. However, if room light is present, the image should be a maximum of 235 cm wide. The projector has Airplay, Miracast Screen Mirroring support, which allows you to play videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS directly via Wi-Fi. In addition, thanks to the Bluetooth function, the projector can be flexibly connected to other speakers. Furthermore, it is Full HD 1080P and 4K (compressed) compatible.
