

Xyvolve X8 Max

X Y V O L V E X 8 M A X

The Xyvolve X8 Max Game Portable LED LCD Projector has 200 ANSI lumens, a contrast ratio of 1000:1, and HDTV 1280 x 720 resolution. It is an LED projector with a light life of 30,000 hours, which equates to over 20.5 years at 4 hours per day. An image width of up to 144 cm is possible, as the projector has 200 ANSI lumens. However, if there is ambient light in the room, the image should be no more than 96 cm wide. Since the projector recognizes DLNA, Airplay, and Miracast screen mirroring signals, it is possible to play high-resolution videos with surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. Even 1080P video signals are no problem for the projector. With an operating noise of only 25 decibels, this model is very quiet compared to others.
