The Yoton model Y9 is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 1000:1. The manufacturer specifies an LED service life of 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. Thanks to the brightness of 450 Ansi lumens, a picture width of 216 cm is possible. In room light, the picture should be max. 144 cm wide. The projector has Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. Even 1080P and 4K (compressed) video signals are no problem for the projector.
