

Yuzino 15000L Beamer

YUZINO 15000L BEAMER

With the 15000L projector, manufacturer Yuzino offers a micro-portable LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 10000:1. Due to the LEDs, the projector is specified with 25000 hours of light life, which is over 17.1 years if enjoyed for four hours every day. As Yuzino specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. An image width of up to 305 cm is possible. In room light, however, the image should be smaller. We recommend max. 203 cm. The projector has Airplay, Miracast Screen Mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via WLAN. Another extra is that the projector can be connected to external wireless speakers using the Bluetooth function. Furthermore, the projector can play 1080P and 4K (compressed) without any problems.
