

Zoomcat C26A

ZOOMCAT C26A

Brief Introduction

Beta 2.5

Introducing the C26A: The Zoomcat LED LCD projector offers 700 ANSI lumens, a contrast of 30,000:1 and HDTV 1920 x 1080 resolution. The LED lifespan is 30,000 hours, which, at 4 hours of viewing per day, would be over 20.5 years. The integrated media player allows you to play files directly. The projector can illuminate up to 269 cm of image width well thanks to the 700 ANSI lumens. However, in room light, the image width should ideally be under 179 cm. The model recognizes Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi. In addition, the Bluetooth option is a useful addition for the projector, especially for wireless audio transmission. Furthermore, it is Full HD 1080P and 4K (compressed) compatible.

Display Type

1 x LCD Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

700

Contrast

30000:1

Black Level Offset

0,0233 min. Lumen
